Re. BNSF Railway Line between  
milepost 539.96 and milepost 542.91  
as described in STB Dockets  
No. AB-6 (Sub-No. 430X)  
and No. AB-1040X

November 4<sup>th</sup>, 2005

It has been brought to my attention that statements have been made that no rail travel has occurred on this rail line by my residence. I am sending this statement to attest otherwise as I have seen regular rail traffic on this line coming from/to the Union Station area.

Truthfully,
